Layout & design (CLO1)	The Web site has an exceptionally attractive and usable layout. It is easy to locate all important elements. White space, graphic elements and/or alignment are used effectively to organize material. The fonts are consistent, easy to read and point size varies appropriately for headings and text. Font styles (italic, bold, underline) are used consistently and improves readability. Colours of background, fonts, unvisited and visited links form a pleasing palette, do not detract from the content and are consistent across pages.	The Web pages have an attractive and usable layout. It is easy to locate all important elements The fonts are consistent, easy to read and point size varies appropriately for headings and text. Colours of background, fonts, unvisited and visited links do not detract from the content and are consistent across pages.	The Web pages have a usable layout, but may appear busy or boring. It is easy to locate most of the important elements. The fonts are consistent and point size varies appropriately for headings and text. Colours of background, fonts, unvisited and visited links do not detract from the content.	The Web pages are cluttered looking or confusing. It is often difficult to locate important elements. A wide variety of fonts, styles and point sizes were used. Colors of background, fonts, unvisited and visited links make the content hard to read or otherwise distract the reader.
